Rainbow Scratch Paintings

Here is how to make your very own Rainbow Scratch Paintings - the fun thing is not only the process of making it but then creating a funky rainbow image!

Tools and Materials:

- Wax Crayons
- Paint Brushes
- Paper
- Poster Paint (it is important to use poster paint and not acrylic so you can scratch it off!)

First stage to create the rainbow scratch painting is to create your rainbow pattern on the paper

Once you are happy with your design you can then the paint on top - make sure to cover the whole thing

Once it is covered you just wait for it to dry - once it is fully dry you can use the end of the paintbrush to draw back into your pre-prepared paper!

And there you have it your very own Rainbow Scratch Painting!

Plus another we have made to give you inspiration!
