

## Paper Owl

Celebrating “Owl Awareness Day” why not create your own colourful Owl Collage!

Tools and Materials:

- Coloured Paper
- Pencil
- Gluestick
- Scissors

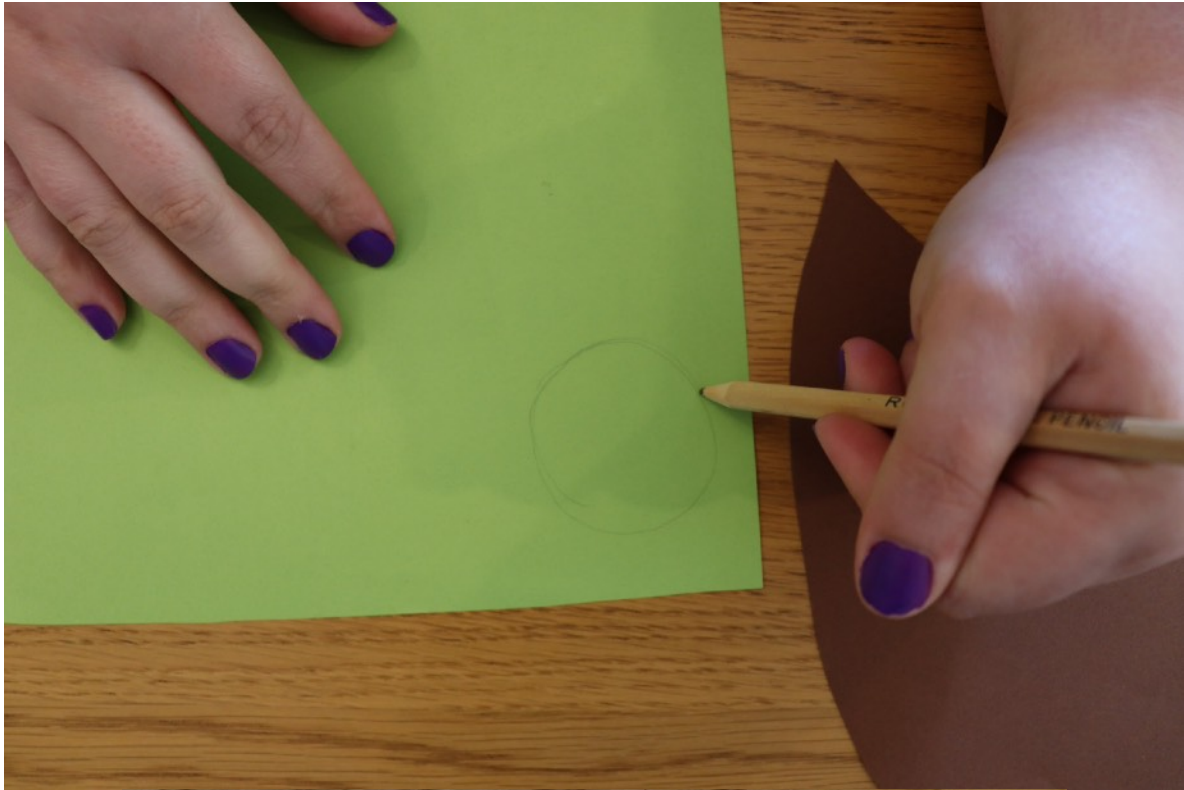

First of all decide what colour you want the owl's body to be - we went with a brown, drawing a circle for it's head, an oval/egg for it's body with 2 legs coming out like so

Using a scrap bit of paper you can forms some pointy “tufts” to stick to the top of the owls head as ears like so

Now you have the basic shape you can cut out 2 wings, legs/talons, eyes, beak and some feathers - plus whatever other features you want

Once you are happy with all the elements then get gluing!

You can layer the feathers to give more texture but don't glue the whole of them if you want to slightly curl them up

There you have it your very own "Paper Owl"!

Here is another we made to inspire you!
